

SHOCKER OILS

Shock Absorber Oil

Issue: August 2013

Product Code	Pack Size	Ctn / Qty
SHOK1001	1 Litre	6
SHOK2001	1 Litre	6

Product Description

Shocker Oil No.1 & No.2 are suspension oils specifically designed for lever arm and vane type shock absorbers fitted to cars covering the vintage and classic period. They contain anti-corrosion and anti-wear additives for enhanced protection.

Application

SHOCKER OIL NO.1

Shocker Oil No.1 is suitable for use in both single and double action Delco type shock absorbers as fitted to cars such as Buick, Chrysler, Dodge, Plymouth and Oldsmobile. May also be used in Gabriel type shock absorbers and Armstrong type lever arm shock absorbers as fitted to many English makes of the 40's, 50's and 60's. Also ideal in vehicles with a built in central jacking system such as the "Jackall System".

Shocker Oil No.1 can also be used as a motorcycle fork oil where a light **SAE 20** was originally specified.

SHOCKER OIL NO.2

Shocker Oil No. 2 is suitable for Armstrong lever action type shock absorbers in either single or double acting where fast road and competition use is anticipated. This oil may also be used in Berg type shock absorbers with adjustable automatic valves and also Houdaille shock absorbers using the vane type system.

Shocker Oil No.2 can also be used as a motorcycle fork oil where a heavy **SAE 20** oil was originally specified.

Benefits

- Replaces old style "Damper Oil"
- Specialised oil for Lever Arm & Piston type shocks
- Formulated to meet & exceed original requirements

Typical Data

	Shocker No. 1	Shocker No.2
ISO Grade	46	68
Colour	Green	Green

Information in this sheet is based on recent production. Minor variations to typical properties are expected in normal manufacture and do not affect product performance. An MSDS is available on request.
