

SIN RACE CASTOR

Codes: *SINCAS001*

Issue: October 2011

An ashless SAE 20W-40 engine oil manufactured from high quality castor vegetable oil, synthetic ester, anti-corrosion additives and an advanced anti-oxidant.

Application

Designed for use in ultra high speed two stroke engines such as International Class Go Karts (Ratio 16:1) and other high performance engines.

Also recommended for classic four and two stroke engines where the owner wishes to use a Castor based oil rather than mineral oil.

Two stroke engine premixes where methanol is the fuel.

Model aircraft engines.

May be used with unleaded and leaded petrol, but due to a limited storage life, product should be mixed just prior to use. Please establish compatibility and stability before attempting to use in engine.

Do not mix SIN Race Castor with mineral oils.

Customer Benefits

- Soluble in methanol and petrol
- Longer engine life by combining the anti-seize protection of castor plus the extra film strength from the synthetic esters.
- Dramatically reduced sticky deposits compared to full castor blends
- Contains an ashless anti wear additive to protect engine parts.
- Reduced formation of lacquers on engine components
- Helps prevent corrosion brought about by excess moisture when running on methanol.
- Compatible with E85 fuel.

Typical Data

Density at 15°C	0.955
Viscosity, Kinematic, cSt	
at 40°C	160
at 100°C	14.9
Sulphated Ash, mass %	Nil
SAE Grade	20W-40
