

TRACTOR TRANSMISSION AND HYDRAULIC OIL

Premium Mineral Hydraulic Fluid

Issue: November 2013

Product Code:	Pack Size:	Carton Qty:
TTH010	10 Litre	1
TTH020	20 Litre	1
TTH205	205 Litre	1
TTH1000LTR	1000 Litre	1

Description

Tractor Transmission and Hydraulic Oil is a multipurpose, 10W-30 / 75W-80 UTTO (Universal Tractor & Transmission Oil) tractor transmission & hydraulic fluid manufactured using highly refined base oils and the latest technology additive package.

Application

Tractor Transmission and Hydraulic Oil is designed for use in a wide range of transmissions, hydraulics, PTOs, hydraulic bearings and some final drives of farm tractors and construction equipment, especially those utilising wet brake systems. Can be used as a hydraulic oil where ISO 68 grades are specified.

Tractor Transmission and Hydraulic Oil meets the requirements of Case Hytrans Plus, JD 20C/D and API GL-4 as well as many other specifications. It is also suitable for use in the power steering systems of post Ford Falcon and its derivatives where a M2C134-D fluid is specified.

Tractor Transmission and Hydraulic Oil contains anti wear agents that provide wear protection as well as corrosion protection. It also quietens wet brake chatter without affecting braking performance.

Customer Benefits

- Reduces inventory holding as one oil can be used for most applications, also lessening the chance of mis-application.
- Minimises squawk and chatter from wet brake systems.
- Effective anti-wear additives provide wear protection in hydraulic systems.
- Protects against rust and corrosion.
- Long service through good thermal stability.
- Latest technology for maximum protection.

Typical Data

Colour	Natural
Density at 15°C	0.873
SAE Grade	10W-30/75W-80
Viscosity, Kinematic, cSt	
at 40°C	62
at 100°C	10.4
Viscosity Index	157
Zinc, mass %	0.139
Cold Cranking Viscosity, cP at -20°C	3079
Viscosity, Brookfield, cSt at 18°C	2,800
Viscosity, Brookfield, cSt at 35°C	30,000
FZG Pass Stage	1
