

# CUTRITE ECO

**Biodegradable Timber Saw Blade Cutting Oil**

Issue: January 2015

Product Code	Pack Size	Ctn / Qty
CUTECO205	205 Litre	1

## Product Description

**Penrite Cutrite Eco** is an environmentally friendly, biodegradable, vegetable based timber saw blade cutting oil. It is fortified with extreme pressure and anti-corrosion additives for superior cutting performance and anti-wear properties. It also has good water displacing abilities, resisting water wash off and the corrosive effects of tree sap.

**Penrite Cutrite Eco** is harmless to the environment.

## Applications

**Penrite Cutrite Eco** is designed for use as a saw guide or cutting oil for all the various types of saws, both circular and band, in the timber cutting industry. Because of the harmless effect on the environment, it is safe to use in sensitive logging areas and forests such as State and National parks, golf courses, wilderness areas and wild life habitats including water catchments.

**Penrite Cutrite Eco** is best used at operating temperatures less than 80C for optimum performance.

## Product Benefits

- Outstanding timber cutting performance
- Environmentally friendly
- Anti-corrosion properties
- Resists water wash off
- Contains extreme pressure additives for anti-wear protection
- Suitable for all types of saws

## Typical Data

ISO Grade	<b>32</b>
Viscosity, Kinematic, cSt	
at 40°C	30-35
at 100°C	5.8
Viscosity Index	122
Biodegradability CEC-L33-A-93	>90%

Information in this sheet is based on recent production. Minor variations to typical properties are expected in normal manufacture and do not affect product performance. An MSDS is available on request.
