

# INSECT REMOVER

## Cleaning Liquid

Issue: December 2015

Product Code	Pack Size	Ctn / Qty
CCIR020	20 Litre	1

# PENRITE

### Product Description

**Insect Remover** is an advanced formula professional automotive cleaner that quickly and effortlessly removes insects from glass, paintwork, chrome and plastics.

**Insect Remover** has outstanding infiltration abilities where the special cleaner softens up even dried on insect deposits, without attacking the surfaces.

### Application

**Insect Remover** is suitable for use in all automotive applications. It is safe to use on all painted surfaces and is solvent free. It removes insect residues quickly and gently. It is ready to use directly from the container.

### Instructions for use

- 1) Decanter product to spray bottle. No dilution required
- 2) Spray on surface or on a clean cloth and distribute evenly over area to be cleaned
- 3) Leave product for a few minutes (3 Minutes Maximum) to penetrate and then wash & rinse area
- 4) For stubborn residue, repeat above and use an automotive bug sponge to dislodge any leftover residue.

### Product Benefits

- Easy to use
- Economical to use
- Solvent Free
- Removes insects gently
- Safe for paintwork, glass & plastics
